BENEFITS

This is a signature playground product with a thatch layer for added body, reducing the amount of infill required. The four color blend of this surface provides an authentic look and feel that resembles a natural lawn. This product can also be used for landscapes, pet facilities and golf fringes.

It is the policy of Synthetic Turf International to continuously improve their line of products. Therefore, Synthetic Turf International reserves the right to change, modify or discontinue systems, specifications and accessories of all products at any time without notice or obligation to purchaser. These are standard specifications subject to manufacturing tolerances and consumer requests.
